Please publish this public comment with the LMC (aka LMA) 7/19/21 zoom meeting agenda:

Dear Supervisor Nottoli and Ms. Florence Evans, Board Clerk,

- Please direct LMC (aka LMA) to revise and edit their July 19, 2021 meeting packet to include the Tony Lee Petition for LMC Audit listed on the agenda.
- Please also direct whomever is responsible for the board packet and agenda to redact my name mentioned numerous times in my neighbor, Stuart Walthall's 18 page opinionated, defamatory version of their litigation over the past decade.
- LMC (LMA) Agenda lists an oral litigation report will be given by Stuart Walthall. Note: Mr. Walthall, my Locke neighbor, is not a BPE Law Group attorney, as far as I'm aware.
- And Walthall's(?) 18-page written report and summary, singularly accusing me solely responsible for LMAs litigation expenses is not only ripe with defamation, it excludes 8 other court cases initiated by LMA against five other Locke residents and homeowners during the past decade — No mention of those cases in the LMC (LMA) attached report!
- Please, Supervisor Nottoli, intervene and also, please participate in this zoom meeting to mitigate further bullying of Walthall.

Re-direct your brand new appointed Locke board members to run their meetings in a respectful and legal manner.

Thank you,
Martha Esch
